**Re: Comments on Tentative Order for Municipal Wastewater Discharges
of Nutrients to San Francisco Bay, NPDES Permit**

Dear Mr. Schlipf:

The City of Petaluma has the following comments regarding the Tentative Order for Municipal Wastewater Discharges of Nutrients to San Francisco Bay, NPDES Permit.

- Table 1, Discharger Information, should list the City of Petaluma's Facility as Ellis Creek Water Recycling Facility located at 3890 Cypress Drive, Petaluma, CA 94954.
- Table F-1, Facility Information, should list Leah Walker, the Environmental Services Manager as the facility contact with the mailing address of 3890 Cypress Drive, Petaluma, CA 94954. The design flow for the facility should be 6.7 million gallons per day (mgd).
- Table F-2, Additional Facility Information, should list the Operations Supervisor, Matthew Pierce as the authorized person designated to sign and submit reports.

As a member of the Bay Area Clean Water Agencies (BACWA), the City of Petaluma fully supports the comment letter submitted on behalf of its member agencies. The City of Petaluma appreciates the Water Board meeting with BACWA representatives to discuss questions and concerns during the development of this permit.

Sincerely,

Lena Cox
Environmental Services Supervisor
City of Petaluma
Ellis Creek Water Recycling Facility
