Dear Mr. Wolfe,

On behalf of the State Water Resources Control Board Division of Drinking Water (DDW) staff, I want to thank the San Francisco Bay Regional Water Quality Control Board (San Francisco Bay Regional Board) for securing a meeting venue and support staff for our public workshop on *A Framework of Regulating Direct Potable Reuse in California* on April 23, 2018. The public workshop is an important initial stakeholder engagement for moving towards developing regulations for direct potable reuse in California.

I would like to particularly thank Ms. Brandy Stone for assisting DDW staff in making venue arrangements. Ms. Stone is welcoming and generous with her time during planning and made sure that the accommodations are well matched to the workshop needs. Ms. Stone took the time to meet DDW staff on the day of the workshop before the start of the workshop to arrange for audio/visual set-up and familiarize DDW staff with the meeting room features and location.

We truly appreciate San Francisco Bay Regional Board's generosity, and the professionalism and hospitality demonstrated by your staff.

Sincerely,

Darrin Polhemus
Deputy Director
Division of Drinking Water
