NOTICE OF OPPORTUNITY TO COMMENT ON UPDATED WASTE DISCHARGE REQUIREMENTS FOR HIGHWAY 237 LANDFILL LOCATED AT THE INTERSECTION OF HIGHWAY 237 AND GOLD STREET – SAN JOSE, SANTA CLARA COUNTY

NOTICE IS HEREBY GIVEN THAT the San Francisco Bay Regional Water Quality Control Board (Water Board) will accept written comments on the Tentative Order (Order) for updating Waste Discharge Requirements (WDR) Order R2-2001-0029 for America Center Maintenance Association, America Center I & II Owner, LLC, US ER America Center 3, LLC, US ER America Center 4, LLC, and Elevate Santa Clara Hotel, LLC (The Discharger).

The Order would update the current Waste Discharge Requirements for the closed Class III landfill. The updated Order would fulfil four primary objectives: to reflect the current post-closure land use and changes in ownership; require the discharger to develop a strategy for long term protection of the landfill due to sea level rise and climate/weather events; reflect upgrades made to the Landfill cover and gas collection system and to update the landfill's Self-Monitoring Program.

The Tentative Order is available for review at:
