## San Francisco Bay Regional Water Quality Control Board

### NOTICE OF PUBLIC SOLICITATION PERIOD AND PUBLIC WORKSHOP

#### TRIENNIAL REVIEW

#### WATER QUALITY CONTROL PLAN, SAN FRANCISCO BAY BASIN

The California Regional Water Quality Control Board, San Francisco Bay Region (Water Board) is initiating the triennial review process for the Water Quality Control Plan, San Francisco Bay Basin (Basin Plan). The Basin Plan is the master policy document that contains descriptions of the legal, technical, and programmatic bases of water quality regulation in the San Francisco Bay Region, including water quality standards.

The purpose of the triennial review is to examine and update the focus of Water Board planning efforts, including TMDL projects. Section 13240 of the Porter-Cologne Water Quality Control Act and Section 303(c)(1) of the federal Clean Water Act require a review of basin plans at least once each three-year period to keep pace with changes in regulation, new technologies, policies, and physical changes within the region.

A public workshop on the Basin Plan Triennial Review will be held:

**DATE:** Tuesday August 4, 2015  
**TIME:** 10 a.m. to 12 noon  
**LOCATION:** Elihu M. Harris State Building  
2<sup>nd</sup> Floor, Room 11  
1515 Clay Street  
Oakland, California 94612

**STAFF CONTACT:** Richard Looker  
1515 Clay Street, Suite 1400  
Oakland, CA 94612  
(510) 622-2451 (ph)  
email: [rlooker@waterboards.ca.gov](mailto:rlooker@waterboards.ca.gov)

This notice solicits public input for the preparation of the Water Board's triennial review workplan. Written comments can be submitted via regular or electronic mail and are due by **August 18, 2015**.

The Water Board is responsible for reviewing the Basin Plan and is required to identify those portions of the Basin Plan that are in need of modification or new additions, and adopt standards as appropriate. The review includes a public workshop and a public hearing to allow the public to identify issues for the Water Board to consider for incorporation into its Basin Plan.

Water Board staff has prepared an initial list of candidate issues for inclusion in the Water Board's triennial review workplan. These candidate issues include updates to beneficial uses, water quality objectives, implementation plans, and policies. We encourage input from interested parties to assist staff

to identify and prioritize Basin Plan amendment projects that will best address the water quality planning needs of our region. It is important to identify the scope, timing and critical nature of potential projects, as the Water Board is limited in terms of the staff resources that are available to complete the projects. A brief description of all the issues being considered by Water Board staff can be found at:

After public input is received, the Water Board will adopt, by resolution, a priority list of Basin Planning projects to be pursued. The public hearing on the resolution is anticipated to occur in the winter of 2015.
