SANTA ANA WATER BOARD RESPONSE TO LETTER CONTESTING THE ALLEGED VIOLATIONS IN SETTLEMENT OFFER ORDER NO. R8-2022-0034, FOR BRASSTECH INC, 1301 EAST WILSHIRE AVENUE, SANTA ANA, WQID No. 8 30I029279

Dear Mr. Gutierrez,

The Santa Ana Regional Water Quality Control Board (Santa Ana Water Board) is in receipt of your response letter contesting the alleged violations identified in Settlement Offer Order No. R8-2022-0034. Santa Ana Water Board staff have reviewed the response letter and have determined that the Settlement Offer stands as originally drafted. In light of the time passed since the Settlement Offer was transmitted, this letter set a new date for response by September 14, 2022. Please submit the Waiver Form, attached hereto, by that date to accept the Settlement Offer.

The Santa Ana Water Board responds to the issues raised in your responses as follows:

Mandatory Minimum Penalties (MMPs) triggered from exceedances of Numeric Effluent Limitations (NELs) are required to be enforced pursuant to the California Water Code (Water Code) section 13385. In regard to NEL compliance, any monitoring location that is identified as effluent monitoring where stormwater on the facility premises is sampled for and discharges to an impaired waterbody/watershed within a Total Maximum Daily Load that has applicable NELs, may be subject to MMPs for exceedances of the NELs. Attachment E to the General Permit for Storm Water Discharges Associated with Industrial Activities, Order No. 2014-0057-DWQ as Amended by Order No. 2015-0122-

KRISTINE MURRAY, CHAIR | JAYNE JOY, EXECUTIVE OFFICER

DWQ and Order No. 2018-0028-DWQ, National Pollutant Discharge Elimination System NPDES No. CAS000001 (Industrial General Permit) specifies that the NELs apply to industrial stormwater discharges from regulated facilities.

The Exceedance Response Action Demonstrations referenced in Section XII.D.2.a-c. of the Industrial General Permit are not relevant for determining compliance with NELs. Dischargers subject to NELs in Attachment E are required to comply with the NELs even if their site receives run on from a neighboring location or if there is a comingling of industrial and non-industrial stormwater at the site.

As specified in the Settlement Offer, Brasstech Inc. will be subject to **\$36,000** in Mandatory Minimum Penalties (MMPs) pursuant to the Water Code section 13385, for violations of the Industrial General Permit relating to NEL exceedances and Water Code section 13385 for the failure to timely submit discharge monitoring reports.

The initial Settlement Offer may still be accepted by agreeing to pay the settlement amount of \$36,000 and by signing and submitting the enclosed Acceptance and Waiver form no later than **September 14, 2022**.

If Brasstech, Inc. chooses to further contest the settlement offer or fails to submit the signed Acceptance and Waiver form by the **September 14, 2022** deadline, the Santa Ana Water Board will prepare an administrative civil liability complaint for the violations. The liability amount sought in the administrative civil liability complaint and/or imposed by the Santa Ana Water Board may be higher than the liability amount set forth in this Conditional Offer. Moreover, additional staff costs associated with formal enforcement may be considered in the recommended liability amount in an administrative civil liability complaint.

Should you have any questions, please contact Devin Darrow via email at Devin.Darrow@waterboards.ca.gov or via phone at (951) 782-4497.

Brasstech, Inc.
Settlement Offer No. R8-2022-0034

By signing below and returning this Acceptance of Conditional Resolution and Waiver of Right to Hearing (Acceptance and Waiver) to the Santa Ana Regional Water Quality Control Board (Santa Ana Water Board), Brasstech, Inc. (Discharger) hereby accepts the "Offer to Participate in Expedited Payment Program" and waives the right to a hearing before the Santa Ana Water Board to dispute the violations pursuant to California Water Code section 13385.

The Discharger agrees that the Expedited Payment Program Offer shall serve as a complaint pursuant to Article 2.5 of the California Water Code and that no separate complaint is required for the Santa Ana Water Board to assert jurisdiction over the alleged violations through its Chief Prosecutor. The Discharger agrees to pay the administrative civil liability authorized by California Water Code section 13385, in the sum of \$36,000 (Expedited Payment Amount) which shall be deemed payment in full of any civil liability pursuant to California Water Code section 13385 that otherwise might be assessed for the violations described.

The Discharger understands that this Acceptance and Waiver waives its right to contest the violations and the amount of civil liability for such violations. The Discharger understands that this Acceptance and Waiver does not address or resolve liability for any violation that is not specifically identified.

Upon Execution by the Discharger, submit the completed Acceptance and Waiver to:

Accordingly, this Acceptance and Waiver, prior to execution by the Santa Ana Water Board Executive Officer, will be published as required by law for public comment.

If no comments are received within the notice period, the Prosecution Team will present this Order to the Santa Ana Water Board Executive Officer to execute the Acceptance and Waiver.

The Discharger understands that if significant comments are received in opposition to the Conditional Offer, the offer on behalf of the Santa Ana Water Board to resolve the violations may

be withdrawn. In that circumstance, the Discharger will be advised of that withdrawal, and an administrative civil liability complaint may be issued, and the matter may be set for a hearing before the Santa Ana Water Board. In the event that this matter proceeds to hearing, the Discharger understands that this Acceptance and Waiver executed by the Discharger will be treated as a settlement communication and will not be used as evidence in that hearing.

The Discharger further understands that once this Acceptance and Waiver is executed by the Santa Ana Water Board Executive Officer, the full payment required by the deadline set forth below is a condition of this Acceptance and Waiver. In accordance with California Water Code section 13385, subdivision (n) funds collected for violations pursuant to section 13385 shall be deposited in the Cleanup and Abatement Account, the \$36,000 liability shall be paid by a cashiers or certified check made out to the "State Water Resources Control Board" referencing this Order number for deposit into the Cleanup and Abatement Account. The payment must be submitted to the State Water Resources Control Board no later than thirty (30) calendar days after the date the Acceptance and Waiver is executed by the Santa Ana Water Board Executive Officer.

SETTLEMENT OFFER NO. R8-2022-0034: OFFER TO PARTICIPATE IN EXPEDITED PAYMENT PROGRAM RELATING TO VIOLATIONS OF THE GENERAL PERMIT FOR STORM WATER DISCHARGES ASSOCIATED WITH INDUSTRIAL ACTIVITIES, ORDER NO. 2014-0057-DWQ AS AMENDED BY ORDER NO. 2015-0122-DWQ AND ORDER NO. 2018-0028-DWQ, NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM NPDES NO. CAS000001, FOR BRASSTECH INC, 1301 EAST WILSHIRE AVENUE, SANTA ANA, WDID NO. 8 30I029279

Dear Mr. Gutierrez,

This letter is to notify Brasstech, Inc., (hereinafter "Discharger" or "you") of alleged violations subject to Mandatory Minimum Penalties (MMPs) pursuant to the California Water Code (Water Code) section 13385 identified in the State Water Resources Control Board's water quality data system and to allow the Discharger to participate in the Santa Ana Regional Water Quality Control Board's (Santa Ana Water Board) Expedited Payment Program to address these MMPs.

KRISTINE MURRAY, CHAIR | JAYNE JOY, EXECUTIVE OFFICER

NOTICE OF VIOLATION:

Based on information in the Storm Water Multiple Application & Report Tracking System (SMARTS), the Santa Ana Water Board alleges that the Discharger is in violation of the General Permit for Storm Water Discharges Associated with Industrial Activities, Order No. 2014-0057-DWQ as amended by Order No. 2015-0122-DWQ and Order No. 2018-0028-DWQ, National Pollutant Discharge Elimination System (NPDES) Permit No. CAS000001 (Industrial General Permit), for exceedances of the Total Maximum Daily Load Numeric Effluent Limits, found in Attachment E, and for failure to timely submit discharge monitoring reports for the facility located at 1301 East Wilshire Avenue in the City of Santa Ana. The Discharger will have the opportunity to address the alleged violations as discussed below.

STATUTORY LIABILITY:

Pursuant to Water Code section 13385, subdivisions (h) and (l), the Discharger is subject to a mandatory minimum penalty of three thousand dollars (\$3,000) for specified serious and chronic violation as defined by statute. For the purposes of subdivision (h) of section 13385, failure to file a discharge monitoring report required pursuant to section 13383 for each complete period of 30 days following the deadline for submitting the report constitutes a serious violation. The Discharger may also be subject to discretionary administrative civil liabilities of up to ten thousand dollars (\$10,000) for each day in which the violation occurs. Any discretionary administrative civil liabilities may be assessed by the Santa Ana Water Board beginning with the date that the violations first occurred. The formal enforcement action that the Santa Ana Water Board uses to assess such liability is an administrative civil liability complaint, although the Santa Ana Water Board may instead refer such matters to the Attorney General's Office for prosecution. If referred to the Attorney General for prosecution, the Superior Court may assess up to twenty-five thousand dollars (\$25,000) per violation.

Dischargers enrolled in the Industrial General Permit and located in a watershed with an applicable TMDL, may be subject to Numeric Effluent Limitations (NELs) as articulated in Attachment E to the Industrial General Permit. The Industrial General Permit, Attachment C, provides that an NEL Exceedance is: "Responsible Discharger shall compare all sampling and analytical results from each distinct sample (individual or combined as authorized by XI.C.5) to the corresponding instantaneous maximum NEL values in the TMDL Compliance Table E-2. An instantaneous maximum NEL exceedance occurs when two (2) of more analytical results from samples taken for any single parameter within a reporting year exceed the instantaneous maximum NEL value." In order to determine compliance with applicable NELs, Santa Ana Water Board staff has reviewed sampling data submitted by you to SMARTS to determine whether MMPs apply to your facility for the 2020-2021 reporting year.

DISCHARGER'S OPTIONS FOR RESPONSE TO OFFER:

You have two options to respond as outlined below.

1. **Accept the Expedited Payment Program offer** by complying with this proposed Settlement Agreement and agreeing to pay a settlement of **thirty-six thousand dollars (\$36,000)**. The minimum administrative civil liability pursuant to Water Code section 13385 is \$3,000 for each specified serious or chronic violation. This is a Conditional Offer subject to certain terms and conditions set forth below. If you choose this option, **you must sign and submit the enclosed Acceptance and Waiver form by April 21, 2022**. The form provides submittal instructions. Final closure on this action is only possible after ultimate submission of the settlement amount.

Please submit an original (blue ink) signed Acceptance and Wavier form to:

Devin Darrow, Coastal Stormwater Unit
Santa Ana Regional Water Quality Control Board
3737 Main Street, Suite 500
Riverside, CA 92501-3348

In response to the Conditional Offer and payment in settlement of this enforcement action, the Santa Ana Water Board will forego issuance of a formal administrative complaint, will not refer the violation to the Attorney General, and will waive its right to seek additional discretionary civil liabilities for the violations identified.

2. **Contest the alleged violations** by submitting in writing, the basis of your challenge with supporting evidence. If you choose this option, you must **submit your written documentation by April 21, 2022**. The Santa Ana Water Board Prosecution Team will review your submission, and if we agree with you, we will notify you in writing that our enforcement action has been terminated. All responses should be directed to Devin Darrow.

If you do not respond in a manner described in the above options, the Santa Ana Water Board will prepare an administrative civil liability complaint for the violations. The liability amount sought in the administrative civil liability complaint and/or imposed by the Santa Ana Water Board may be higher than the liability amount set forth in this Conditional Offer. Moreover, additional staff costs associated with formal enforcement may be considered in the recommended liability amount in an administrative civil liability complaint.

CONDITIONS FOR SANTA ANA WATER BOARD ACCEPTANCE OF RESOLUTION:

If you accept the Expedited Payment Program offer, the settlement will be published in the following manner: Federal regulations require the Santa Ana Water Board to publish notice of, and to provide at least thirty (30) days for public comment on, any settlement of an enforcement action addressing NPDES permit violations (40 C.F.R. section

123.27(d)(2)(iii)). Upon receipt of the Discharger's Acceptance and Waiver and other requested technical reports on or before **April 21, 2022**, Santa Ana Water Board staff will publish a notice of the proposed settlement of the alleged violations.

If no comments are received within the notice period, the Santa Ana Water Board Executive Officer will execute the Acceptance and Waiver as a stipulated order assessing the MMP amount pursuant to Water Code section 13323. You will then be notified that payment is due within 30 days. Failure to pay the administrative civil liability within that time frame may result in further enforcement including referral of the matter to the Attorney General, and/or may void the offer to participate in this Expedited Payment Program.

If, however, significant comments are received in opposition to the settlement, this offer may be withdrawn. In that case, the Discharger's waiver pursuant to the Acceptance and Waiver will also be treated as withdrawn. In that case, the violations will be addressed through a formal enforcement action.

This Expedited Payment Program offer does not address or resolve liability for any violation that is not specifically identified. The Santa Ana Water Board reserves the right to pursue formal enforcement of any violations not specifically cited.

Should you have any questions about this Expedited Payment Program, please contact Devin Darrow via email at Devin.Darrow@waterboards.ca.gov or via phone at (951) 782-4497.

Sincerely,
