End of 21 Day Public Comment Period: 09/09/2025

Project Location: 33.615481° N, -117.906346° W

Project City: Newport Beach

Project County: Orange

Applicant Organization: Newport Marina

Applicant Name: Allyson Presta

Waterboard Staff: HS

Brief Description of Project:

Project Description: The project is needed to restore the navigable capacity of the channel by removing excess sediment above the design depth of -10 feet mean lower low water (MLLW), plus 1.5 to 2 feet of overdepth allowance.

Project Activities: Newport Marina is proposing to conduct maintenance dredging of approximately 8,800 cubic yards of sediment that is suitable for unrestricted disposal at the LA-3 Ocean Dredged Material Disposal Site. Six inches of clean sand cover is proposed in the northern extent of the dredge footprint (up to 469 cubic yards). Details of the project activities are provided in Attachment 4.
