STATUS CONFERENCE ORDER AND NOTICE OF NEW STATUS CONFERENCE

The State Water Resources Control Board
Administrative Hearings Office
issues this status conference order and
notice of new status conference
regarding the pending petition for change of

the City of Solvang

for water-right Permit 15878 (Application A022423),
which authorizes diversions of water from the Santa Ynez River (underflow)
in Santa Barbara County.

**The new Status Conference will be held on
June 17, 2021, beginning at 9:30 am.**

BACKGROUND

On March 30, 2020, the Administrative Hearings Office (“AHO”) of the State Water Resources Control Board (“State Water Board” or “Board”) issued a Notice of Public Hearing and Pre-Hearing Conference Call regarding the petitions filed by the City of Solvang (“Solvang”) for change and extension of time for water-right Permit 15878 (Application A0022423). The background facts, applicable statutes, hearing issues and previously proposed pre-hearing and hearing schedules are described in the March 30 notice and in the subsequent pre-hearing conference and status conference orders.

On April 29, 2020, the AHO held a pre-hearing conference. On June 29, September 24, and November 6, 2020, and March 26, 2021, the AHO held status conferences. This order and notice follow the March 26 status conference.

NEW STATUS CONFERENCE ORDER

The hearing officer directs the parties to take the following actions by the following deadlines:

April 12, 2021: Any interested party that wants to file comments on Solvang’s March 12, 2021 status conference statement shall file and serve its comments by this deadline. California Trout filed comments on March 25 and does not need to re-file them.

April 30, 2021: Solvang shall post its Complete Technical Studies (Hydrology-Hydraulic Technical Memo), Terrestrial Biological Resources Technical Report, and Cultural Resources Technical Memorandum) (collectively, the “Technical Memoranda and Reports”), which are listed on page 5 of Solvang’s March 12, 2021 status conference statement, to the AHO-FTP2 site. Solvang does not need to serve copies of these documents on the other parties.

If, after considering the other parties’ comments on Solvang’s March 12, 2021 status conference statement, Solvang concludes it needs more time to complete the Technical Memoranda and Reports, then, in lieu of posting these documents by this deadline, Solvang shall advise the AHO by letter or e-mail of this conclusion and submit a proposed revised schedule for completing and posting these documents. Solvang shall serve copies of any such letter or e-mail on all other parties when it files this letter or e-mail with the AHO.

May 3, 2021: The AHO will post Solvang’s Technical Memoranda and Reports to the AHO-FTP site and send an e-mail to all parties advising them of these postings, if Solvang has posted these documents to the AHO-FTP2 site. If Solvang has not posted its Technical Memoranda and Reports and instead has advised the AHO that Solvang needs more time to complete its technical studies, then the AHO will issue a revised schedule for the following actions.

May 17, 2021: Any interested party may file comments on Solvang’s Technical Memoranda and Reports. These comments do not need to address the technical merits of these documents. Rather, these comments should address the issues of the general adequacy of these documents and the appropriate schedule for a hearing in this matter.

June 4, 2021: Solvang shall file a status conference statement describing: (1) Solvang’s responses to the other parties’ comments described above; (2) the new California Environmental Quality Act (CEQA) document that Solvang will be preparing for its amended change petition, and (3) Solvang’s proposed schedule for completing this CEQA document.

June 14, 2021: Any interested party may file comments on Solvang’s new status conference statement.

NEW STATUS CONFERENCE

The AHO will hold a status conference in this matter on June 17, 2021, beginning at 9:30 am. During the status conference, the hearing officer will discuss the documents and comments filed by Solvang and the other parties, Solvang’s proposed CEQA document and schedule, and the schedule for future actions.

The hearing officer requests that participants participate by both video and audio, if possible. If this is not possible, then the hearing officer will allow audio-only participation.
