PURPOSE OF HEARING

The State Water Resources Control Board (State Water Board or Board) Administrative Hearings Office (AHO) is conducting a public hearing about the Delta Conveyance Project. The purpose of the hearing is to gather evidence that the State Water Board will consider to determine whether to approve change petitions filed by the Department of Water Resources (DWR or Petitioner) to add two new points of diversion and rediversion to water right Permits 16478, 16479, 16481, and 16482 (Applications 5630, 14443, 14445A, and 17512, respectively) and, if so, terms and conditions the Board should include in the amended permits.

BACKGROUND

On February 22, 2024 the State Water Board's Division of Water Rights received petitions for change from DWR to add two new points of diversion and points of rediversion to water right Permits 16478, 16479, 16481, and 16482, which are associated with the State Water Project. The proposed new points of diversion and points of rediversion would consist of screened intakes 2.3 miles apart located on the lower Sacramento River between Freeport and Sutter Slough. The proposed new intakes are part of the Delta Conveyance Project, which would allow DWR to divert water from the Sacramento River in the northern portion of the Sacramento-San Joaquin Delta Estuary (Delta) and convey the water through a tunnel to existing water distribution facilities in the southern Delta. A more detailed description of the Delta Conveyance Project and the associated petitions for change can be found in the July 31, 2024, Notice of Public Hearing.

This hearing is being conducted in accordance with the procedural requirements in the July 31, 2024, Notice of Public Hearing as amended by subsequent rulings and notices.

PROCEDURAL RULING

An additional hearing day will be held on September 2, 2026, starting at 1:00 p.m. After discussion during the remaining hearing days, the AHO will issue a subsequent procedural ruling to set deadlines for submission of an offer of surrebuttal evidence and associated evidentiary objections, and to provide further direction regarding closing briefs, including their maximum length and the deadline for submission.
