
State Water Resources Control Board

Making Conservation a California a Way of Life:

How forthcoming proposed water use efficiency standards may impact natural and developed parklands and urban tree health

Friday, August 12, 2022

1:00 pm – 4:00 pm PDT

[Registration Link \(Remote Participation Only\)](#)

[Website Link](#)

The purpose of this workshop is to present the State Water Board staff analysis and consideration of the potential impacts of water use efficiency standards on natural and developed parklands and urban tree health. The meeting will also give the public, urban retail water suppliers, and other interested parties the opportunity to provide comments and ask questions about the Board's analysis and conclusion.

Agenda

- | | |
|----------------|---|
