Public Notice of Application for Water Quality Certification and Waste Discharge Requirements for Orange County Public Works OC Loop Segments O, P, and Q Coyote Creek Bikeway Project

State Water Resources Control Board
Division of Water Quality
Water Quality Certification Program
Date Posted: June 6, 2025

Affected Counties: Orange and Los Angeles

The following information is provided in satisfaction of the public notice requirements of section 3858, title 23, of the California Code of Regulations, which govern the State's Water Quality Certification Program.

State Water Resources Control Board (State Water Board) staff are proposing to regulate this Project pursuant to section 401 of the Clean Water Act (33 USC 1341) and the Porter-Cologne Water Quality Control Act. **Staff will consider all comments submitted in writing and received at this office during a 21-day comment period that begins on the first full date of issuance of this notice (June 7, 2025).** To submit comments, or if you have questions, please contact the State Water Board staff person listed below.

Telephone: 916-323-0883
Email: Devin.Jokerst@waterboards.ca.gov

Note: No regulatory decision on the application is implied or intended in this public notice.

Project Name: OC Loop Segments O, P, and Q Coyote Creek Bikeway Project

(Reg. Meas. ID: 441496 and SWRCB ID: SB20032IN)

Background: On March 6, 2025, Orange County (OC) Public Works submitted an application for Clean Water Act section 401 water quality certification for the OC Loop Segments O, P, Q Coyote Creek Bikeway Project (Project).

Project Description: The Project intends to construct a bike trail along the north side of the concrete-lined Coyote Creek East Fork and close a gap in the OC Loop bike trail system. Waters of the state within the Project area would be temporarily impacted during site access and staging of material, equipment, and scaffolding.

The Project application reports temporary impacts to waters of the state, including waters of the United States, as shown in Table 1. Temporarily impacted areas would be restored to pre-project condition once the Project is complete. No permanent impacts to waters of the state are anticipated.

Table 1: Total Project Fill/Excavation Impacts to Waters of the State

Aquatic Resource Type	Stream Channel
Acres of temporary impact	2.64
Linear feet of temporary impact	9,615

The County of Orange, acting as lead agency under the California Environmental Quality Act (CEQA), adopted a Mitigated Negative Declaration (MND) for the Project. This MND is available at the following website:
<https://ceqanet.opr.ca.gov/Project/2020110244>

A Certification or Denial will be prepared by the State Water Board for the OC Loop Segments O, P, and Q Coyote Creek Bikeway Project in response to this application.

Applicant: Orange County Public Works
Applicant Contact: Eric Rademacher
Telephone: (714) 647-3918
Email: eric.rademacher@ocpw.ocgov.com

Date of Application Submittal: March 6, 2025

Pursuant to federal law (title 33, United States Code, section 1341; Clean Water Act section 401), applicants for a federal license or permit for activities which may discharge to waters of the United States must seek water quality certification (Certification) from the state or Indian tribe with jurisdiction. Such Certification is based on a finding that the discharge will meet water quality standards and other applicable requirements. In California, Regional Water Quality Control Boards (Regional Water Boards) issue or deny Certification for discharges within their geographical jurisdiction. The State Water

Board has this responsibility for projects affecting waters within multiple Regional Water Board jurisdictions.

KEEP INFORMED OF PROJECT MILESTONES

To be informed of milestones in the development of this proposed Certification, any interested persons should enroll in the State Water Board's 401 Program e-mail notification service.

Click the Submit button after entering a valid email address under the Subscribe to the 401 Water Quality Certification and Wetland Program Email List banner on the 401 Program webpage at:

https://www.waterboards.ca.gov/water_issues/programs/cwa401/

By enrolling in this list, you will receive notices for all current Certification applications, including the Project announced in this notice. You will need a valid e-mail address to use this service. If you do not have internet access or do not wish to participate in the email notification service, contact the staff person named in the notice to express your interest in receiving notices by other means. You can enroll or un-enroll at any time.
