

Division of Financial Assistance Statewide and Regional SAFER Programs

Description

This spreadsheet provides information on regional and state-wide projects the Water Boards is funding in partnership with community organizations and local governments. Information includes project purpose, funding amount and uses, progress, and contact info for Water Boards staff and partnering organizations' staff.

How to Navigate This Spreadsheet

Each column of the "All Projects" page covers a different topic (such as who the project services, what the project area is, who is the funding recipient, what is the total funding amount for this project, etc.); each row covers a different project. If you have questions about a specific project, please contact the person(s) listed in the "Water Boards Project Manager" or "Contact/Application Information" columns.

Each additional tab at the bottom of the Excel sheet sorts every project by who the project services.

Date

This spreadsheet was updated in March 2024 and is updated quarterly.
