Jason Dadakis
Orange County Water District
18700 Ward Street
Fountain Valley, CA 92708

Dear Mr. Dadakis,

This letter serves as notice that Orange County Water District has been approved for the use of an in-house method for the “N-Nitrosodimethylamine (NDMA) Low Level” (in-house method) for monitoring NDMA and N-nitrosomorpholine (NMOR) pursuant to the Water Quality Control Policy for Recycled Water (Recycled Water Policy) as of the date of this letter.

Orange County Water District submitted a validation package for this in-house method on April 23, 2021. This validation package demonstrated the utility of the in-house method for analytes NDMA and NMOR in a water quality representative of the matrices outlined in Attachment A of the Recycled Water Policy.

This approval for the use of this in-house method is only for the purposes outlined in the Recycled Water Policy, Attachment A, and this approval does not extend to the use of this method for any other purpose.

Sincerely,

A handwritten signature in cursive script, appearing to read "T Lee".
