

Underground Storage Tank Cleanup Fund Program

Underground Storage Tank Maintenance Fee

The underground storage tank maintenance fee is collected from the owner of an underground storage tank based on the number of gallons of petroleum placed in the tank during the reporting period. The California Department of Tax and Fee, in cooperation with the State Water Resources Control Board, administers this program to provide revenue for the Underground Storage Tank Cleanup Fund in the General Fund. The current assessment was included in SB 445 (Hill, Chapter 547, Statutes of 2014)

Fee Collection Timeframe	Per gallon fee assessed
January 1, 1991-December 31, 1994	\$0.006
January 1, 1995-December 31, 1995	\$0.007
January 1, 1996-December 31, 1996	\$0.009
January 1, 1997-December 31, 2004	\$0.012
January 1, 2005-December 31, 2005	\$0.013
January 1, 2006-December 31, 2009	\$0.014
January 1, 2010-December 31, 2013	\$0.020
January 1, 2014-December 31, 2014	\$0.014
January 1, 2015-Present	\$0.020
