STATE WATER RESOURCES CONTROL BOARD

In the Matter of Application 23162
of Harold C. Holliday to Appropriate
from Russian River (Underflow) or
Mill Creek (Underflow) in Mendocino
County

Decision 1337

DECISION DENYING APPLICATION

Harold C. Holliday having filed Application 23162 for a permit to appropriate unappropriated water; no protests having been received; the applicant, by letter of February 3, 1969, having waived a hearing and submitted the matter on information contained in the files on Application 23162; the Board, having considered all available information, finds that the applicant's well does not draw upon the underflow of either the Russian River or Mill Creek and that the source is not within the jurisdiction of the Board.

Upon such finding it is concluded that the application should be denied.

NOW, THEREFORE, IT IS ORDERED that Application 23162 be, and the same is, denied.

Adopted as the decision and order of the State Water Resources Control Board at a meeting duly called and held at Santa Rosa, California.
