## State Water Resources Control Board

### Notice of Water Right Application A031486

Olympic Valley Public Service District has filed an application to appropriate water by permit with the State Water Resources Control Board (State Water Board), Division of Water Rights. The project associated with the application is located in Placer County and would divert water from the Truckee River stream system.

The application was filed with the State Water Board on December 29, 2003. Action on the application was delayed due to the negotiation of the Truckee River Operating Agreement (TROA). On December 1, 2015, the federal watermaster began implementation of TROA and the interstate allocations under the 1990 Truckee-Carson-Pyramid Lake Water Rights Settlement Act (Settlement Act) took effect. The diversion, storage, and use of water from the Truckee River stream system under water rights issued by the State Water Board, including any right issued for Application A031486, will be conditioned in accordance with the provisions of TROA and the Settlement Act.

The application was noticed on August 27, 2004. By letter dated October 22, 2004, the State Water Board retracted the notice and indicated that processing of the application would be suspended pending completion of the TROA negotiation. The State Water Board is re-noticing the application to ensure that the record reflects these events and to allow interested parties to submit comments on the application based on current circumstances.
