

State Water Resources Control Board

NOTICE OF PETITION FOR LONG-TERM CHANGE INVOLVING THE TRANSFER OF UP TO 5,000 ACRE-FEET OF WATER UNDER LICENSE 5940 (APPLICATION 5724) OF STEVINSON WATER DISTRICT AND EAST SIDE CANAL & IRRIGATION COMPANY

On April 14, 2021, Stevinson Water District (SWD) and East Side Canal & Irrigation Company (ESCC) jointly filed with the State Water Resources Control Board, Division of Water Rights, a petition for long-term change to water right License 5940 (Application 5724), pursuant to Water Code section 1735 et seq. With the petition, SWD/ESCC seek authorization to transfer up to 5,000 acre-feet of water annually to the San Luis Canal Company (SLCC). Transfer water has been made available by conservation projects completed in 2011. Water would be diverted from Bear Creek into the East Side Canal for delivery to SLCC for irrigation use. The service area of SLCC would be added as a place of use to License 5940. SWD/ESCC have an existing long-term transfer order that expires on January 1, 2022. The proposed long-term change would extend that transfer for a period of up to 10 years and end on December 31, 2031.

SWD/ESCC's petition for long-term change and related project information can be viewed at: [2021 Notices](#)

Any interested party may file a protest specific to this petition for long-term change. Protest submittal information is available at: [Protest submittal information](#)

Protests filed in response to this notice should be submitted to the persons listed below and must be received by 4:30 p.m. on November 22, 2021.
