Hearing Chair Tam Doduc  
Hearing Officer Felicia Marcus  
State Water Resources Control Board  
P.O. Box 100  
Sacramento, CA 95812-0100

Re: Information Availability on Petitioned Project

Dear Chair Doduc and Hearing Officer Marcus:

The California Department of Water Resources (DWR) and U.S. Bureau of Reclamation (Reclamation) (jointly Petitioners) submit the following response regarding the "staged" case-in-chief proposal presented by attorneys representing the group identified as the Sacramento Valley Water Users (SVWU) at the CA WaterFix water rights change petition pre-hearing conference.

Petitioners are writing to clarify what was stated at the pre-hearing conference with regard to the availability of information underlying the case-in-chief for the petitioned project, Alternative 4A. The vast majority of information that informs the Petitioners' case-in-chief was available prior to the filing of the water rights petition, as Alternative 4A was reflected in the Recirculated Draft EIR/Supplemental Draft EIS released in July 2015, and only a small subset of data was still under development. As mentioned on Thursday, data underlying the case-in-chief are now available for public review.

The release of this data, however, does not supersede previous data, nor does it limit what data will be used in the Petitioners' case-in-chief. CALSIM and DSM2 data associated with the public working draft Biological Assessment is available upon request from:

Michelle Banonis  
U.S. Bureau of Reclamation  
[mbanonis@usbr.gov](mailto:mbanonis@usbr.gov)  
(916) 978-5198

CALSIM and DSM2 data associated with development of the BDCP/CA WaterFix EIR/S is available upon request from:

BG Heiland  
Department of Water Resources  
[Brian.Heiland@water.ca.gov](mailto:Brian.Heiland@water.ca.gov)  
(916)651-9547

Petitioners request that the hearing officers consider this information in evaluating the proposal suggested by the SVWU, the asserted basis of which is to allow parties to the hearing full access to the underlying information. This goal is achieved through the release of this data, and a departure from the normal procedure followed by the State Water Resources Control Board is unnecessary. Petitioners therefore request that the hearing officers determine that the originally noticed hearing structure and schedule is appropriate in this case.

Sincerely,

Tripp Mizell  
Senior Attorney  
Office of the Chief Counsel  
CA Department of Water Resources
