Re: Late submission of two exhibits for Friends of the River / Sierra Club

The following two exhibits were inadvertently omitted from uploads of our 104 exhibits to the Friends of the River/Sierra Club WaterFix hearing ftp folder. The omission was discovered on reviewing the website posting by the Hearing Team of the Friends of the River/Sierra Club Case in Chief.

FOR-97 California Department of Water Resources, Bulletin 200, California State Water Project volume 1. History, Planning, and Early Progress

FOR-100 California Department of Water Resources, Bulletin 160-87, California Water: Looking to the Future

The exhibits are historical State Water Project bulletins and were included in the timely submitted Friends of the River/Sierra Club exhibit list. We request that the Hearing Officers accept this late submission.

Sincerely,

Kyle Jones
