California State Water Board

Comment Letter – Revisions to Proposed Bay-Delta Plan Amendments

Dear Members of the Water Board:

I have lived in the Bay area for 20 years, enjoying some of the best drinking water I have ever encountered. The quality of this water is largely due to the fact that it comes from a healthy, living river ecosystem.

For the river to endure, we must let it flow. We must learn to use its bounty more wisely. I urge you to adopt your proposed revisions to the Bay-Delta Plan.
