**Subject:** FW: 40% unimpeded water flow grab

Once again, I must implore you to reverse the decision as communicated to our communities. This is why citizens no longer trust government with their best interests in mind.

Thank you

**Subject:** 40% unimpeded water flow grab

To whom it may concern

Your actions regarding the plan to grab 40% of the unimpeded water flow are solely lacking an intelligent understanding of the impact and consequences of your actions. Despite multiple scientific studies regarding the impact, you have decided to abandon the communities and industries that rely on water to survive and conduct business in the valleys impacted. Please reconsider your actions as they are devastating to the communities and industries involved.

Thank you

Concerned citizen
