CONTRA COSTA WATER DISTRICT

DATE: February 10, 1995

PAGES (including cover sheet) 1

COMMENTS: We are providing the State Board's staff
with the following suggested footnote to be inserted
in the Plan at the point where CCWD pumping is
included among exports used in the Delta Outflow
formula: "The term Delta Exports is used only to
calculate the Delta Outflow Index. It is not
intended to distinguish among the listed diversions
with respect to eligibility for protection under the
area of origin provisions of the California Water
Code."

Call when received: YES NO
