Diversions Reported Under Statement: [Statement Number]

### **NOTICE OF VIOLATION: FAILURE TO FILE SUPPLEMENTAL STATEMENT OF WATER DIVERSION AND USE FOR THE 2022-2023 REPORTING PERIOD**

Dear [Owner/Agent]:

Based on our records, the State Water Resources Control Board (State Water Board), Division of Water Rights (Division) determined that you are the Primary Owner or Agent for the claim of right listed above. The Primary Owner is required to file their annual Supplemental Statement of Water Diversion and Use with the State Water Board **before February 1**, even if no water was diverted or used.

As of the date of this letter, the Division has not received the supplemental statement for the 2022-2023 water year (October 1, 2022 through September 30, 2023). This is a violation of section 920 of Title 23 of the California Code of Regulations.

Additionally, due to the diversion size, the Primary Owner is also required to submit information regarding measuring devices and data collected from those devices at a frequency commensurate with the diversion size as specified in the measurement regulations (Title 23, Chapter 2.8, sections 931-938 of the California Code of Regulations).

Water Code section 1846 grants the State Water Board authority to issue an administrative civil liability (ACL) complaint for an amount not to exceed \$500 a day, per statement for each day the supplemental statement is not filed. As of the date of this letter, there is one delinquent statement which is 77 days late. **The maximum liability the State Water Board can impose for the one identified statement is \$38,500.**

**The Division will *NOT* issue an ACL Complaint for this violation if the delinquent 2022-2023 water year supplemental statement is submitted no later than May 17, 2024.**
