

**TO WHOM IT MAY CONCERN AT WATER RESOURCES CONTROL BOARD;**  
**it is totally unfair for the board to impose these punitive restrictions, on a**  
**group of people , which have done more than any other community, to be**  
**responsible users of WATER. per capita water use is about 75 gallons, per**  
**day, which is already less than any of the other areas. reducing any**  
**further is a slow death sentence, for the community and the entire**  
**economy of the area. fresno does not even have any water meters.**
