I am writing this email to support our efforts to NOT adopt the CDO. Our hospitality industry is the life blood of the Monterey Peninsula where our local Revenues rely on the sales and taxes of hotel and restaurants. Not only will the local Economy suffer from losses of our business but our workers/residents will lose jobs and Have no other opportunities for employment. Many of our employees have been 4<sup>th</sup> and 5<sup>th</sup> generation hospitality employees whose sole means of survival are the hotels, Restaurants and golf courses. Without these businesses this entire area will become a Ghost town, the property values will diminish and the work that many of us have put into Making this a haven for visitors will have become fruitless.

Please consider all requests to NOT adopt the CDO as very serious. We cannot let this happen.
