* 1 unit = 100 cubic feet

The "Gina Lane Park water meter" supplies the Gina Lane common area (hose bibb(s), automatic irrigation system, and lake water replenishment). This meter is owned & read by the San Juan Water District, and billed to the HLE Homeowners Association. The "Lake water meter" was provided free of charge by San Juan Water District. It was installed in September/October 2007 by several HLEHOA residents. The "Lake water meter" was installed to enable tracking of lake water replenishment (it is located downstream of the "Gina Lane Park water meter"). It is not read by San Juan Water District.

Note: "Lake Meter" was not read on 9/1/2009. The meter reading on this date is estimated.
