### **Requested Minor Change for License 3459:**

With the minor change request, the Petitioner wishes to modify the location of the POD for License 3459. The existing diversion pump for License 3459 was relocated over 15 years ago to its current location on the Merced River, however the diversion location was never updated in License 3459. The purpose of this minor change request is to accurately describe the current POD location in License 3459. The proposed POD is

located at North 1,532,898 and East 6,871,412, California Coordinate System, NAD 83, Zone 3, within the Northeast quarter of the Southwest quarter of Section 36, Township 6 South, Range 8 West, Mount Diablo Base and Meridian. No physical work is necessary to effectuate the change and existing conditions will not change as the pump has been in place at its current location for over 15 years.
