

SALTON SEA MANAGEMENT PROGRAM ANNUAL WORKSHOP

MAY 20, 2026 | 9:00 AM | SACRAMENTO, CA AND VIRTUAL

Map of the Salton Sea and its location in California

Join us for our annual workshop on Phase 1 of the Salton Sea Management Program, which aims to improve air quality and provide habitat for species that depend on the Salton Sea, among other goals.

Options for participation

(each will provide live Spanish interpretation):

- **In person:**
CalePA Headquarters
1001 I Street, Sacramento California 95814
- **Virtual:** Zoom and webcast

The agenda will include:

- An update from California Natural Resources Agency (CNRA) on Phase 1 of the Salton Sea Management Program (2018–2028)
- Panel 1: Lessons Learned in 2025: Planning Beyond the 10-Year Phase Ending in 2028
- Panel 2: Reflections from Community Members on SSMP Efforts in 2025
- Two public comment periods

This agenda is subject to change. More information related to the workshop and how to participate will be added to our webpage (waterboards.ca.gov/saltonsea) as it becomes available.

California Natural Resources Agency (CNRA) will also be hosting upcoming workshops to provide background on their Salton Sea Management Program annual report. Find out more at their website: saltonsea.ca.gov.
